**RICE SOLAR ENERGY, LLC'S  
NOTICE OF MOTION AND MOTION  
TO STRIKE STAFF'S NEW  
EVIDENCE; REQUEST FOR ORDER  
SHORTENING TIME**

---

Rice Solar Energy, LLC (RSE), a wholly owned subsidiary of SolarReserve, has received Staff's Comments on the Presiding Member's Proposed Decision (PMPD) for the Rice Solar Energy Project (RSEP), docketed on November 30, 2010. RSE hereby files this notice of motion and motion to strike portions of those comments on the following grounds:

1. The comments contain new evidence not in the record that could have been filed in written form prior to the evidentiary hearings;
2. The evidentiary record is closed and there has been no motion to re-open; and
3. Hearing of new evidence without the ability to present rebuttal testimony and cross-examine witnesses at this late stage is highly prejudicial to RSE.

Since the PMPD Conference Hearing is December 3, 2010, and RSE did not receive advance notice that the Staff would include new evidence in its comments and there has been no motion to reopen the evidentiary record, RSE also asks the Committee to adopt an Order Shortening Time that would waive the noticing and response requirements for Motions required by 1716.5 of the Commission Regulations. The

Order Shortening Time would effectively allow Staff to 5 pm on December 2, 2010 to file a written response to this Motion and hear this Motion at the December 3, 2010 PMPD Conference Hearing. The Presiding Member of the Committee has authority to adopt an Order Shortening Time and waive the noticing and response requirements for good cause shown pursuant to Section 1203 of the Commission Regulations. Counsel for Applicant telephoned Counsel for Staff, Dick Ratliff, on December 1, 2010 and informed him of the nature and extent of this Motion to Strike to minimize prejudice to Staff for shortening time. Good cause is shown because RSE did not have any notice that Staff would file additional evidence in its Comments on the PMPD until November 30, 2010 when it was served a copy.

Section 1745 (b) of the Commission's Regulations provides:

The Commission shall not consider new or additional evidence at the hearings under this section (***referring to Hearing on the Presiding Member's Proposed Decision***) unless due process requires or unless the Commission adopts a motion to reopen the evidentiary record. (***clarification added in bold italics***)

Staff has not filed a motion to reopen the evidentiary record. Such motions are not generally granted unless the proponent demonstrates that such evidence is relevant and could not have been presented at the time of evidentiary hearing. Staff had ample opportunity to present this evidence in the Staff Assessment and in Rebuttal Testimony.

Therefore, RSE requests the Committee Strike the following portions of Staff's Comments on the PMPD.

1. Item 2, Page 3 relating to Mr. Alan Lindsey's observations
2. Last Two Sentences of Item 3, Page 3 relating to BLM Handbook not in evidence
3. Sixth Sentence of Item 4, Page 3 relating to assertion that there are large numbers of Californian's who seek out less travelled roads
4. Last sentence beginning on Page 5 and ending on Page 6, concerning hearsay statements of BLM management.
5. Third through seventh sentences of the First Full Paragraph on Page 6, relating to number of visitors of Joshua Tree using SR 62
6. Last two sentences of the First Paragraph on Page 7, relating to observations of projects in Seville, Spain.
7. Visual Resources Figures 1 and 2 and accompanying narrative description by Mr. Alan Lindsey in its entirety.

RSE will be prejudiced if the Committee considers any of this new evidence because it will not have had an opportunity to present contrary evidence, research the validity of the evidence, consider the references cited in the entire context of the documents relied upon, nor cross-examine the basis and assumptions used to support Staff's opinion testimony. The Staff had plenty of opportunity to present this evidence in its Staff Assessment and Rebuttal Testimony but failed to do so.

RSE respectfully requests the Committee strike those portions of Staff Comments identified above and consider only Staff's arguments concerning the evidence in the record. RSE believes that the evidence in the record supports a finding that the RSEP will not result in a significant visual impact and will present rebuttal argument to Staff's comments at the PMPD Conference Hearing, relying only on the evidence in the record.

Dated: December 1, 2010

Respectfully Submitted,
